BRO. henry charles

Who is the truly successful man? The Senior Class feels that it has found such a man, Brother Henry Charles, to whom we respectfully dedicate our yearbook.

Brother Henry celebrated his Golden Jubilee in 1958. Now, Brother may happily look back on those fifty years spent in willingly accepting and prudently accomplishing the various assignments providentially confided to him, either as teacher, Director, Provincial, or Master of Novices.

Our contact with Brother Henry has been relatively limited—four fortunate years during which we have been privileged to observe Brother humbly discharging his duties as Supervisor of Maintenance. He has kept our school literally a “thing of beauty.”

Gratefully, therefore, we take this opportunity to honor Brother Henry Charles, who continues enthusiastically to fill his niche in God’s master plan; whose life we regard as both a spiritual success and a continual inspiration.

“GO

teach all nations.”

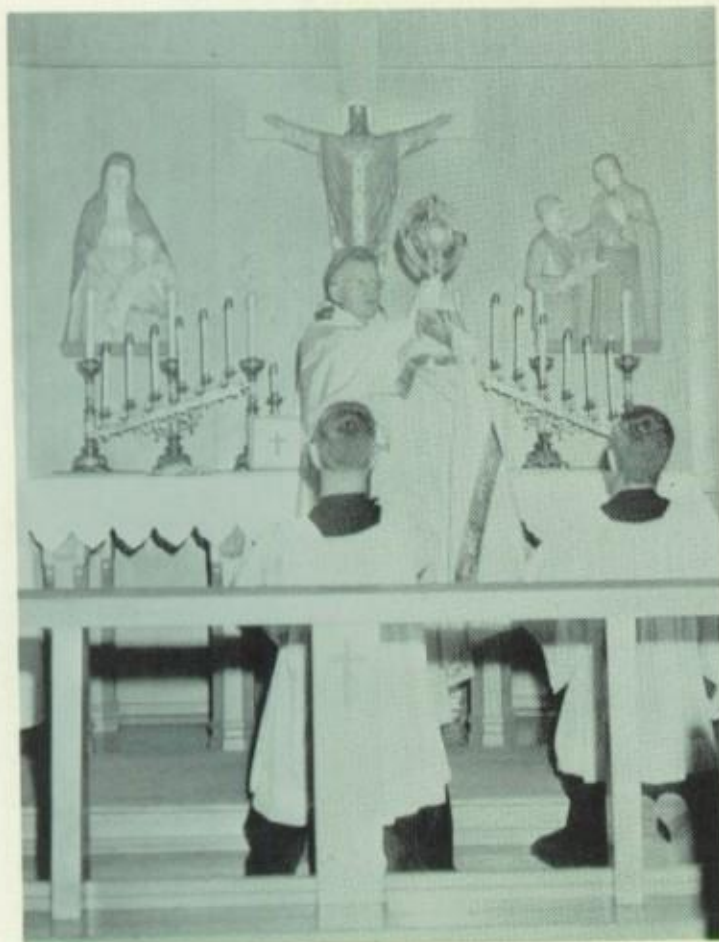

"As Our Lord was ascending to Heaven . . . He left a Church as the universal teacher of all people. Man, whom the Truth had set free, was to be kept safe by the truth. The Church has always looked to one end, that is, to teach the true religion and wage ceaseless war with error. The watchful labors of the Bishops has always been directed to this end. It is their duty to teach the faithful and strengthen them."

President Gregorczyk presents to the members the results of his research on Latin American politics.

Henry Gregorczyk, *President*; Joseph Kuhns, *Vice-President*; Mr. Richard Salmon, *Adviser*; and Robert Zulandi, *Secretary*.

The Political Science Club studies the principles and conduct of government, and tries to give its members a knowledge of the historical and theoretical aspects of this subject.

The aims of the organization are to observe past and present practices of government, and to attempt the derivation of some postulates for ideal political systems. All this helps lead the members to a more educated view of the philosophy of man.

The aims of the Photography Club are to teach its members techniques of taking, developing and printing better pictures; to organize and take part in school and national contests, and whenever possible, to contribute pictures to school publications.

sodality

Bill Montalto presents plans for a sodality project to the moderators, Bro. George Peter, Bro. Peter Michael, and Bro. Francis Owen.

The challenge confronting sodalists is enormous. They must be men naturally gifted as leaders, deeply respected for their principles, idealistically aggressive, and willing to accept the responsibilities of lay leadership. They are the spiritually devoted in the school and in the world, and as such, must discipline themselves to living a life of close union with Christ.

Hoot Mon!—and
away we go with
Tom McCarthy.

The true inquiring mind, which is never satisfied with the commonplace explanation, soars like the *eagle* seeking to see truth in its highest, clearest and truest perspective.

M.I.T. victory.

The Stanners entered the 10th Annual Marist Invitational Tournament with high hopes of carrying the Molloy winning streak to six consecutive championships, even though many observers had not slated the Stanners as the victors.

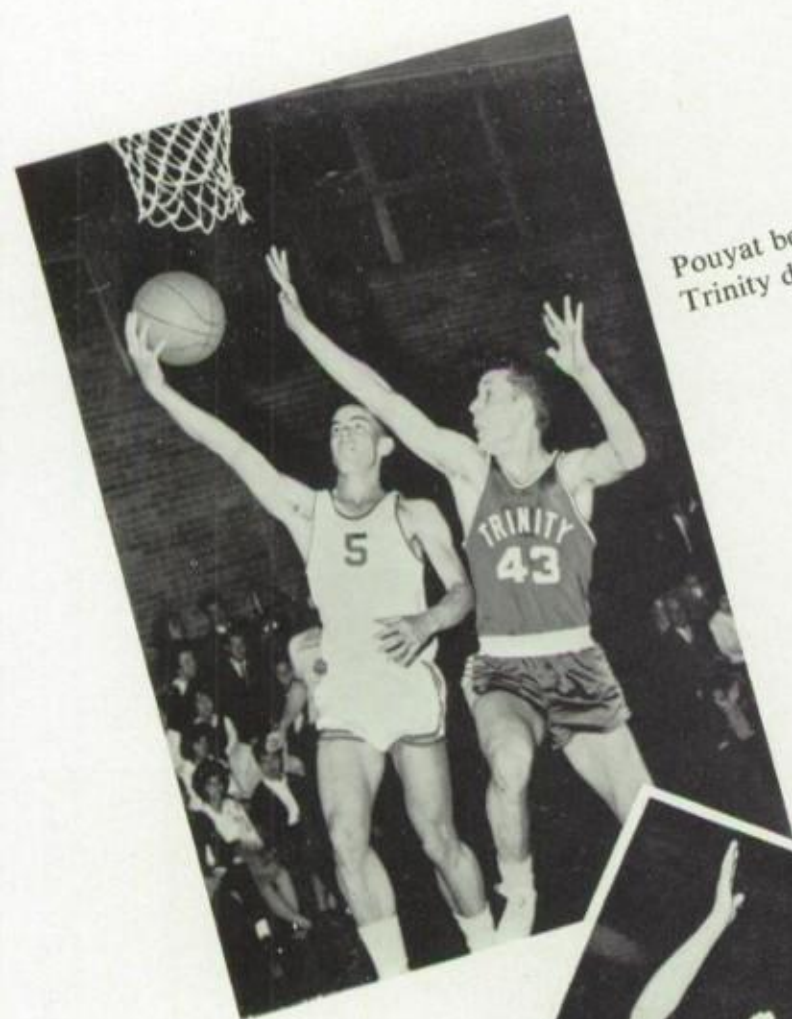

The tournament opened for the squad on December 27th, and in the first game Molloy toppled Iona Prep by 15 points. The Cardinal Hayes encounter in the finals was a tight battle all the way, with the Stanners down 19-24 at the half. The team fought back and tied the game 45-all, with three minutes remaining. Several key baskets and good foul shooting clinched the Molloy victory 63-56.

Joe Browne's 26 points and countless rebounds in the two contests won him the Most Valuable Player award, while Bill McAdam's fine output in both offense and defense gained him a spot on the tournament's All-Star team.
